Dear Concert/Event Producer:

Brass Band Northwest combines the rich sonority of a full symphony orchestra with the incisive rhythm of a jazz band. We are available and would like to be one of your performing groups this season!

Brass Band Northwest (BBNW) was founded with the goal of sharing the vibrant and exciting sound of all-brass music throughout the Pacific Northwest. Though grounded in the tradition of the British brass band, our library of over four hundred works ranges from Renaissance composers such as Giovanni Gabrieli to contemporary works such as the sound track for the video game *Halo*.

In addition to our annual concert series at First Presbyterian Church of Bellevue, we perform at a variety of other events, such as the Leavenworth Christmas Lighting Festival, Yarrow Point's Independence Day Celebration and Seattle Mariners games.

BBNW is a great choice for outdoor performances. As a 30-member brass and percussion group, our music can easily be heard where ambient noise levels often cover other groups. For most events, BBNW does not require amplification and therefore can perform without electricity. We can also provide smaller ensembles, all the way down to brass quartets for more intimate settings.

Enjoy the live recordings of the band by following the links on our website promotion page. You can also find us on YouTube at www.youtube.com/user/brassbandnorthwest. Let us know how we can help make your concert or event special.

Sincerely,

Judson Scott, Artistic Director
